

CHEK FAMILY CALENDAR

July – June 2011-2012

“The BC Distributed Learning Program provides for open enrollment so that students may enroll at different times during the year and start their studies at different times. This calendar therefore is only intended to reflect the general time frame for CHEK in the 2011-2012 school year and includes some fixed dates such as statutory holidays and dates set by the Ministry of Education. It recognizes the start of the new school year in CHEK as beginning on July 4 and provides a general timeline as a means to facilitate the administrative work of the school”.
